

Sierra Army Depot

BRAC 2005 Recommendation:

BRAC 05 recommendations recognize Sierra Army Depot as a multi-functional installation that serves as a Joint Expeditionary Logistics Center and strategic power projection platform. Sierra provides storage, maintenance, assembly, and containerization for operational project stocks, strategic configured loads and other items as directed. The realignment of the munitions storage and demil mission to other munitions centers allows for the capability to expand both open and covered storage capacity to meet any future requirements.

Gains:

- None

Losses:

- Munitions storage functions to Tooele Army Depot
- Munitions demil function to McAlester Army Ammunition Plant
- Munitions demil function to Crane Army Ammunition Plant
